The family of Richard Heiser would like to thank family and friends for their thoughts, prayers, flowers, donations and compassion at this sad occasion. We want to thank Rev. Dingman for the wonderful service, the Canajoharie-Fort Plain Elks for their funeral service and opening their doors to host us after the service. We also want to thank Lenz & Betz for the professional arrangements, the Fort Plain Cemetery Association for working overtime to do the evening burial. We also thank St. Johnsville Nursing Home for making it Dad's home and all who donated food, flowers and gifts to the Elks. We really appreciate it.

# Reap garden rewards even in fall

Gardening is a rewarding hobby that can help people relax and produce an enviable landscape. Many gardeners even find their meals are more fresh and flavorful when using items they grew themselves. While many gardeners do the bulk of their gardening in the spring and summer, certain plants thrive in cooler temperatures. That group includes autumn vegetables that are ripe for the picking when leaves begin falling.

Fall gardens provide a reason to enjoy the oft-enjoyable autumn air. So many different vegetables come to life in the autumn, and they can make wonderful additions to the dinner table. Broccoli, kale, collards, spinach, squashes, artichokes, and beets are just some of the many autumn planting options you can try. Celery also is best in the fall, and its harvest continues through winter in temperate climates. By replacing crops that have been harvested through the spring and summer with fall-friendly alternatives, you can keep your garden productive for most of the year.

Begin the process by counting back 12 to 14 weeks from the expected first frost date for where you live. Begin seeds for your autumn plantings indoors, because summer heat and dryness are not the best conditions to nurture young seedlings.

Enrich the soil with compost so that you can replenish the nutrients lost from the last crop

harvested.

Each region is different, so learn about when to put plants in the ground for your region. Many plants still need the sun and warmth of late summer to thrive and produce well into the fall. If you are unsure, consult with a local garden center, where you

can learn about various aspects of autumn gardening. Onions, shallots and garlic are best planted mid-fall after the soil has cooled.

Gradually introduce seedlings to more sunlight and outdoor temperatures before they go in the ground, as they need time to adjust to

the unfiltered sun.

Be sure to thoroughly water the garden. Newly planted beds should be kept moist to germinate and so established plants can take root. In addition, consider a shade covering so that the soil doesn't dry out or get baked in the sun. Mulch also can help re-

tain moisture and keep the conditions ideal for your autumn vegetables to grow.

Remember that moisture and cooler temperatures can attract garden pests, so you may need to employ some strategies to keep them under control. For example, insect barriers and all-nat-

ural baited traps can keep slugs and snails from munching on your autumn plants.

Fall vegetable gardens can be worthy endeavors, yielding plenty of crops and providing the fun and fulfillment of gardening into the fall.

A great make-ahead brunch recipe. Serve with bacon or sausage and fruit salad.

- 6 tablespoons butter or margarine
- 1-1/2 cup packed brown sugar
- 5 large ripe bananas
- 1 long loaf French or Italian bread
- 6 large eggs
- 2 cups milk
- 2 tablespoons vanilla extract
- 1 teaspoon ground cinnamon
- 1/2 cup sliced almonds or coarsely chopped walnuts or pecans

1. In microwave safe small bowl, heat butter in microwave oven on High for 1 minute or until melted. Stir sugar into butter until moistened. With fingertips, press sugar mixture onto bottom of 13x9-inch glass baking dish. (It's ok if mixture does not cover bottom.) Spread fruit over sugar mixture; top with bread slices, cut sides down.

2. In medium bowl,

with whisk, beat eggs; whisk in milk, vanilla and cinnamon. Slowly pour milk mixture over bread; press bread down to absorb egg mixture. Sprinkle with nuts. Cover with plastic wrap and refrigerate at least 2 hours or overnight.

3. Heat oven to 350 F. Remove plastic wrap from baking dish. Bake, uncovered, 45 to 50 minutes or until bread is golden brown and knife inserted in center comes out clean. Let stand 10 minutes before serving.

Tip: If you don't have bananas, substitute 3 to 4 very ripe pears or peaches (about 1-1/2-pounds), sliced; or 1 cup dried cherries, cranberries or raisins.

# Canajoharie Summer Reading Program provides hands-on activities

by Elizabeth A. Tomlin

Children from communities surrounding the Canajoharie Library come to enjoy the Summer Reading Program, which provides opportunities to expand their horizons and entertain them on the long, hot summer days.

Karen Schaffer of Fonda brings her 5 year-old son, Aiden, to many of the programs. "I like the activities here," says Aiden. Karen says Aiden, who also comes for 'story time', likes the 'Lego' programs that the library offers, best.

Ten-year-old Arianna Souza and her brother Gavin of Fort Plain, brought their friend Jack Parkinson to the Rock Painting program, where the children got to mix paints and create their own pet rocks.

"I like the arts and crafts!" said Arianna.

"The Summer Reading program is designed to give children educational, fun, and creative experiences all summer long," said Canajoharie Library Director Hanna Ahrens. "We have crafts every Tuesday afternoon, creative classes for teens such as watercolor and jewelry making, science learning such as MiSci StarLab and the Utica Zoo, and lots more to participate in!"

Ahrens says there's fun for the whole family with assorted programs and recommends picking up a book to read while you are there. She encourages children to participate in the Summer Reading Challenge.

"I'd like to add," said Ahrens, "that the Canajoharie Library exists for our community, it is your library! We are here to connect people with resources to support their passions. Whether you need computer or job search assistance, a quiet place to study, or books for support; you'll find it here."

She encourages people to stop in to visit, and let the well-informed staff know what types of pro-

gramming, books, or other activities you would like to see in "your" library.

For more information on upcoming programs

give the Canajoharie Library a call at 518-673-2314.

"We love the library!" said Schaffer.

Canajoharie Library Director Hanna Ahrens displays a children's book instructing the art of rock painting at a Summer Reading Program class.

Children from Canajoharie and surrounding villages take part in the summer programs.

## Good housekeeping: Spinach salad with Bacon and Egg

Perfect for brunch, lunch and dinner, this spinach salad incorporates the saltiness of bacon and sweetness of sauteed onions to create a balanced meal.

- 8 slices thick cut smoked bacon
- 1 package button

mushrooms

- 1 medium red onion
- 4 large eggs
- 2-1/2 tablespoons red wine vinegar
- 1 tablespoon extra virgin olive oil
- 1-1/2 teaspoons honey Dijon mustard
- 1/2 teaspoon Kosher

salt

- 12 cups baby spinach
- 12 ounces mixed cherry tomatoes

1. In a large skillet, cook bacon over medium heat until crisp. Remove from pan with a slotted spoon; drain on a paper towel. Reserve 3 tablespoons of bacon drippings; discard remainder. Break up bacon into bite size pieces when bacon is cool enough to handle.

2. Heat 1-1/2 tablespoons of bacon drippings in the same skillet over medium-high heat. Add mushrooms and cook 4 to 6 minutes, stirring frequently, until lightly browned. Add onion; cook 1 to 2 minutes, stirring frequently. Transfer mixture to a large mixing bowl.

3. Make poached eggs: Fill a large saucepan with 3-inches of water. Add 1 tablespoon white vinegar (this helps whites coagulate). Bring to a gentle simmer. Crack each egg into a small cup, then slide eggs, one at a time, into

water. Cook 5 to 7 minutes, adjusting heat accordingly to keep at a gentle simmer, until whites are set and yolks are slightly runny. Poach longer if you like firmer yolks.

4. Remove eggs with a slotted spoon. Transfer eggs to a paper towel.

5. In same skillet over medium heat, whisk red wine vinegar, remaining 1-1/2 tablespoons bacon drippings, olive oil, mustard and salt until well blended and warmed through. Add spinach to mushroom mixture in bowl and pour warm dressing over; toss to coat. Add tomatoes and reserved bacon pieces.

6. Divide salad into 4 servings. Top each with a poached egg; season with salt and freshly ground black pepper to taste.

## Did you know?

Home improvement projects can inadvertently expose homeowners to hidden dangers. For example, lead paint may be lurking underneath layers of existing paint in older homes. Exposure to lead dust or fumes may cause brain damage or other adverse health effects, especially in children or pregnant women. It is essential that homeowners control their exposure to lead or other hazardous substances through the use of protective equipment, such as a properly fitted respirator. If lead is discovered, it may require professional containment and cleanup. Contact your local health authority if you discover or suspect you have discovered lead paint or other hazardous materials in your home.

### Magnificent Swiss Steak

How wonderful to come home to the aroma of this steak dinner that has been simmering all day.

- 1 (15 ounce) can diced tomatoes, undrained
- 1 (10 3/4 ounce) can Healthy Request Tomato Soup
- 1 teaspoon Worcestershire sauce
- 1-1/2 teaspoons dried parsley flakes
- 1/8 teaspoon black pepper
- 1 cup chopped onion
- 1/2 cup chopped green bell pepper
- 4 (4 ounce) lean tenderized minute or cube steaks

1. Spray a slow cooker container with butter flavored cooking spray. In a large bowl, combine undrained tomatoes, tomato soup, Worcestershire sauce, parsley flakes and black pepper. Add onion and green pepper. Mix well to combine.

2. Spoon about 1/2 cup of tomato mixture in bottom of prepared container. Evenly arrange minute steaks over tomato mixture. Spoon remaining tomato mixture evenly over meat. Cover and cook on low for 6 to 8 hours. When serving, evenly spoon tomato mixture over steak pieces. Serves 4.

## Country Preacher

by **Pastor Dan West**

Have you ever heard the axiom "Hurt people hurt people"? Those whose lives have been damaged naturally seem to pass along that damage to others around them. Maybe it is the only way of life they know, and they don't realize what they are doing.

In the same way, "Helped people help people." If you are in trouble, you want advice from someone who has been there and under-

stands.

The Bible says in II Corinthians 1:6, 7 "When we ourselves are comforted we will certainly comfort you. Then you can patiently endure the same things we suffer. We are confident that as you share in our sufferings you will also share in the comfort God gives us."

Have you ever received help? Pass it along; in fact, pay it forward!

And when someone hurts you, help them; don't condemn them.

You Should Hear What You've Been Missing!

Riddle Card

1. What did the big rose say to the little rose?
2. What has five eyes but cannot see?
3. What is the biggest jewel in the world?
4. What is the best name for a lady engineer?
5. Why are playing cards like wolves?

Answers: 1. Hydra, 2. The Mississippi River, 3. A base-ball diamond, 4. Bridge, 5. Because they come in packs.

ODD MAN OUT!

To the right is a list of five words. Can you figure out which word doesn't belong on the list?

Answers: Danger. The other words all contain the name of some part of your body. (1. Eye, 2. Ear, 3. Skin, 4. Rib, 5. Skin.)

FIND THE SEVEN WORDS! In the word square at the right, we've removed six of the letters to spell out the word "DEPART." See if you can replace these letters in the squares so that you will have four three-letter words across and three four-letter words down. Time limit: 60 seconds.

ARE YOU IN SHAPE FOR THIS PUZZLE?

You're a winner if you can finish this puzzle in under five minutes. In this type of puzzle you are given a word that must be changed into another word in a series of moves. During each move, you must change one letter in the previous word so as to form a new word. In our example, we changed MILE to POST in four moves. See if you can change the following five words in four moves.

1. COWS to BARN
2. GALA to FETE
3. DARE to RISK
4. SINE to MATH
5. NAIL to BOLT

Answers: 1. COWS, CAWS, CARBS, BARN, BARN, BOLT. 2. GALA, GALE, GATE, FATE, FETE. 3. DARE, RARE, RASE, RISE, RISK. 4. SINE, MINE, MITE, MATE, MATH. 5. NAIL, BAIL, BALL, BOLL, BOLT.

## Whatchamacallits

Although this week's Whatchamacallit looks like a Boston baked bean pot — it is actually an old cast iron glue pot used for heating hide glue. Glue pots were designed as a double boiler.

Ours was made in Albany and is also marked J. M. B. D. & Co. I tried to find information about the company on line, but to no avail.

There was a time when all commercial woodworkers — or even good amateurs would have had a trusted glue pot in the workshop. Animal protein glue has existed since ancient times and could be considered the original super glue. The pot was put on a stove

(way back when) and heated until the glue reached the desired consistency for the task at hand. Today's glue pot users take advantage of electric hot plates.

The user didn't make the glue — that was done at the glue factory. The glue was purchased in solid form and soaked briefly in just enough water to form a gel substance, which was then added to the pot. More glue could be added as needed, and could be used over and over.

While traditional woodworkers have countless choices today, plain old hide glue is still hard to beat. It is the traditional woodworking purist's adhesive of choice.
